

## MAKE-UP OPPORTUNITIES

The Board expects that teachers shall give every reasonable assistance to pupils who have missed assignments due to absence caused by illness or other excused causes. The teacher is expected to give any individual help necessary to assist the child in making-up work which has been missed for legal school absences. Deadlines for turning in make-up work will be established by the respective schools consistent with the school-age of the student. Beyond the elementary school level, it shall be the responsibility of the student to find out what assignments he/she will be required to make up.

Adopted: June 10, 1965

Revised: December 20, 1995
